Para Tech Ministries

Extending the gospel reach through technology…

Douglas and Denise Gregson

Para Tech comes alongside Christian ministries to provide practical solutions to technical problems with emphasis on under-resourced ministries and those ministering in challenging locations to the less reached…

God has allowed us to use our gifts in Administration, Service and Technical proficiency. We align ourselves with like-minded partners to accomplish more together than we could apart. Our audio enhancement and communication projects are directed by ***Nehemiah 8:8*** *. . . "so that God's Word can be heard in a clear and understandable way."*

Recent Projects and Partnerships:

Righteous Rides – Accelerating the Gospel

Harvest Alliance International

Bridges of Hope

KTWG

Calvary Baptist Church

Faith Church Guam

The Cornerstone am 800

MEGAVOICE

LifePoint

Cml Microsystems

AlgorKorea

Solar Grove Solutions

First Baptist DeLand

Projects have both local and global results which allow us to act as "agents of God's grace" dispensing help to extend each partner's reach to share the Gospel of Jesus Christ. Our projects are motivated *by* ***Eph 5:15*** *…"making the most of every opportunity, because the days are evil."*

Completed projects include:

- Megavoice – Envoy 3 Radio Antenna Enhancement for Audio Bible / Language Hospitality (translation) Kit, Portable recording booth.
